| Sept 8, 2025 | Scholarship application information will go live and be available via the website: www.fljcisenate.org . Each state should be using the official Florida JCI Senate Foundation application forms for both the university and vocational applications. |
| Sept – Nov 2025 | As the chairperson decide how you will distribute the applications throughout your state. Some suggestions include: find the names and email addresses of your state's high schools either on the state Board of Education website, or by calling a local high school to find complete statewide information. The State Board of Education, the individual County Boards of Education, and/or high school guidance counselors may be helpful in giving you direction to contact schools and guidance counselors. |
| Jan 2026 | Completed applications should be arriving to the state chair/contact person. The state entry deadline is postmarked by January 12, 2026 . This will give you approximately four (4) weeks to judge your entries. |
